

RUTUJA BODKE

.NET Developer | ASP.NET MVC Specialist

+91-9028439088 | Pune, India | rutujabodke17@gmail.com | [LinkedIn](#) | rutujabodke.in

PROFESSIONAL SUMMARY

Results-driven .NET Developer with 2+ years of hands-on experience in designing, developing, and deploying scalable web applications using ASP.NET MVC, ASP.NET Core MVC, and Web API. Skilled in both full-time and freelance development environments, delivering end-to-end solutions for diverse clients. Proficient in Microsoft SQL Server, Entity Framework Core, and RESTful API development. Demonstrated expertise in full-stack development with strong front-end skills in HTML, CSS, JavaScript, jQuery, and Bootstrap. Adept at collaborating with cross-functional teams, conducting code reviews, and delivering high-quality solutions aligned with business requirements using Agile methodologies.

TECHNICAL SKILLS

Languages & Frameworks: C#, ASP.NET MVC, ASP.NET Core MVC, Web API, Entity Framework Core, ADO.NET

Frontend Technologies: HTML5, CSS3, JavaScript, jQuery, Bootstrap, Razor Views, AJAX

Databases & Data: Microsoft SQL Server, MySQL, Stored Procedures, Database Design & Optimization

APIs & Integrations: REST APIs, Microsoft Graph API, Plaid API, OpenAI API, Cybersource, PlugNPay

Cloud & DevOps: Azur Resources, Azure AI Document Intelligence, Azure OpenAI, Git

Tools & Practices: Visual Studio, SSMS, Postman, Swagger, Code Reviews, JWT Authentication

PROFESSIONAL EXPERIENCE

Freelance .NET Developer & Technical Mentor (Self-Employed)

Jun 2026 – Present

- ▶ Mentored students in C#, ASP.NET Core MVC, Web API, SQL Server, and software development concepts.
- ▶ Assisted with project architecture, database design, REST API development, and code optimization.
- ▶ Fixed bugs, enhanced existing applications, and implemented new features based on client requirements.
- ▶ Designed and deployed responsive static websites using HTML, CSS, JavaScript, and Bootstrap.
- ▶ Published websites on hosting platforms and provided deployment, troubleshooting, and technical support.

Sanmol Software Solutions

Pune, India

Software Developer (ASP.NET Core MVC / Web API)

Jun 2025 – Apr 2026

- ▶ Developed and maintained scalable web applications using ASP.NET MVC and ASP.NET Core, following best coding practices and design patterns
- ▶ Built AI-powered document processing systems using Azure AI Document Intelligence with custom-trained models for invoice and BOL extraction
- ▶ Integrated third-party APIs including Plaid (banking), Microsoft Graph (Office 365), and WhatsApp Business API for enterprise automation workflows
- ▶ Designed and implemented AI chatbot solutions using Azure OpenAI for resume analysis, interview preparation, and user assistance features
- ▶ Implemented secure payment gateway integrations (Cybersource, PlugNPay) with dynamic routing, transaction handling, and error management
- ▶ Worked across full stack including SQL Server database design, backend API development, and frontend integration using JavaScript and jQuery

Micro Data Care

Pune, India

Junior Software Developer (ASP.NET Core MVC)

Feb 2024 – May 2025

- ▶ Developed web applications using ASP.NET Core MVC framework with jQuery and Bootstrap for responsive UI
- ▶ Built CRUD-based enterprise systems and interactive dashboards with improved UI responsiveness and user experience
- ▶ Designed and optimized Microsoft SQL Server queries, stored procedures, and database schemas for performance improvement
- ▶ Implemented RESTful APIs with JWT-based authentication and Role-Based Access Control (RBAC) for secure communication
- ▶ Participated in Agile sprint planning, daily stand-ups, and conducted peer code reviews ensuring coding standards adherence

KEY PROJECTS

- ▶ **Cayman Jobs Portal:** AI-powered job platform built with ASP.NET MVC featuring resume assistant, chatbot assistance, subscription-based payment processing, and role-based access control
- ▶ **AI Document Processing System:** Custom Azure AI solution using Document Intelligence for extracting structured data from invoices and BOL documents with automated validation workflows

- ▶ **Vehicle Management System (VMS):** Full-stack ASP.NET MVC application with loading/unloading workflows, analytics dashboards, and operational tracking using SQL Server
- ▶ **Island Charter Booking System:** Booking platform with real-time availability checking, role-based access (Admin, Vendor, Customer), and transaction-based handling to prevent double bookings
- ▶ **Auto Rental System:** Web application with dynamic payment link generation supporting multi-gateway integration (Cybersource, PlugNPay) for seamless transaction processing

EDUCATION

Bachelor of Pharmacy (B.Pharm) | J.S.P.M. College of Pharmacy, Pune University | July 2020 | CGPA: 8.7

CERTIFICATIONS

.NET Full Stack Web Developer Certification – CIIT Training Institute (2024)
